PREFACE

This transcription of the Seventh United States Census (1850) for Perry County, Illinois was taken from Microfilm No. M-432, Roll No. 124. Census was taken during the period of 19 August through 19 October, 1850.

Every effort was made to transcribe it as accurately as possible. Names that were obviously misspelled were transcribed just as they were written. If there was a questionable spelling of a surname due to poor penmanship, both spellings were listed in the index. If the same surname was spelled in a variety of ways, all spellings were listed in the index with a cross reference. A question mark after a name, age or birthplace indicates that the transcriber could not be certain it had been deciphered correctly.

A surname may appear more than once on a page so in using the index it would be well to check the entire page for that particular surname.

The enumerator did not identify locations as to towns, townships, legal descriptions or post offices. Rather, the entire county was described only as "Part of District No. 7."

Information concerning value of real estate owned, whether person attended school within the year and whether person over 20 years of age could read and write was not copied from the schedule sheets.

It is the transcriber's opinion that the abbreviation "Ia." was used to indicate Indiana rather than Iowa. Iowa did not become a territory in its own name until 1838 or a state until 1846. At the time most of the people with an "Ia." birthplace were born, the area comprising the present State of Iowa was part of the Missouri Territory, Michigan Territory or Wisconsin Territory.

Explanation of the columns as they appear in this transcriptions:

Column 1 - Dwelling houses numbered in the order of visitation and Families numbered in the order of visitation.

Column 2 - Name of every person whose usual place of abode on the 1st day of June, 1850 was in this family.

Column 3 - Age.

Column 4 - Sex.

Column 5 - Profession, occupation or trade of each male person over 15 years of age.

Column 6 - Place of birth.

Column 7 - Miscellaneous:

- (1) Whether married within the year.
- (2) Race, if other than white.
- (3) Twins, if so indicated by enumerator.
- (4) Whether blind, deaf, pauper, etc.
- (5) Enumerator's notations, if any, and transcriber's notations concerning questionable spelling of names.
